RE: Application of GSC Communications, Inc. for a Certificate of Public Convenience and Necessity to Provide Facilities-Based and Resold Local Exchange and Interexchange Telecommunications Services, for Flexible Rate Structure for Local Exchange Exchange Service Offerings in South Carolina.

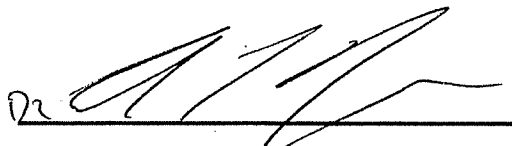

Dear Mr. Terreni:

Pursuant to the Commission's ruling in Order No. 98-165 in Docket No. 97-467-C., I am enclosing GSC Communications Inc.'s South Carolina Tariffs for resold and facilities-based interexchange and competitive local exchange services for filing in the above referenced docket.

Please stamp "Approved" the additional enclosed copy of this tariff upon approval, and return it to this office in the envelope provided.

With kind regards, I am

Yours truly,

Dr. Edward Johnson

DOCKET NO. 2006-342-C

GSC Telecommunications Inc. (GSC) ("GSC Telecommunications Inc." or "Applicant") pursuant to S.C. Code Ann. §58-9-280(B), as amended, and Section 253 of the Telecommunications Act of 1996, respectfully submits this Application for Authority to Provide Facilities Based Local Exchange Service and Resold Long Distance Service within the State of South Carolina. In addition, Applicant requests that the Commission regulate its local telecommunications services in accordance with the principles and procedures established for flexible regulation in Order No. 98-165 in Docket No. 97-467-C. Pursuant to S.C. Code Ann. §58-9-585 and the general regulatory authority of the Commission, the Applicant also requests that the Commission regulate its long distance service offerings as described below in accordance with the principles and procedures established for alternative regulation in Orders No. 95-1734 and 96-55 in Docket No. 95-661-C, and as modified by Order No. 2001-997 in Docket No. 2000-407-C.

Applicant proposes to offer facilities-based local exchange telecommunications services to customers throughout the state using unbundled network element platforms ("UNE-P"). Applicant's primary market is business customers. Applicant intends to provide local exchange services, custom calling and CLASS features and bundled services such as local and long distance services in a combined package. In addition, the Company will provide to its Customers additional custom calling and class features, access to emergency call services (e.g. 911), directory assistance and other ancillary services.

Applicant also proposes to offer resold inbound and outbound inter-exchange telecommunications services and operator-assisted services to its presubscribed Customers.

All services are available twenty-four (24) hours per day, seven (7) days a week. The Applicant will commence offering service following the granting of this application.

Approval of this application will promote the public interest by increasing the level of competition within South Carolina. This competition will mandate that all exchange telecommunications providers will operate more efficiently, enabling the consumer to benefit via reduced rates.

In support of this Application, Applicant respectfully states as follows:

1. The name and address of the Applicant are:

4. Description of Applicant

Applicant is a private corporation that was incorporated in the state of North Carolina on 03/1999. Certificates of Incorporation and Authority to Transact Business in the State of South Carolina are attached hereto as Exhibit A.

5. Officers and Directors and Legal Counsel

See Exhibit B

6. Customer Service

Applicant understands the importance of effective customer service for local and long distance service consumers. Applicant has made arrangements for its customers to call the Company at its toll-free customer service number, 800-GSC-3Now . In addition, Customers may contact the Company in writing at the headquarters address and via e-mail at Edwardj@corp.gsctele.com The toll-free number will be printed on the customers' monthly billing statements.

7. Financial Ability

Applicant has sufficient financial resources to operate in South Carolina. In support of the Company's financial ability to provide the proposed services, the Applicant offers its financial statements in Exhibit C.

8. Managerial and Technical Ability

Exhibit D contains a brief overview of the managerial experience of Applicant. The Company has the managerial experience in the telecommunications industry that will allow it to be a successful competitive local exchange and toll provider.

9. Proposed Service Territory

Applicant proposes to offer facilities-based local exchange service and resold long distance service. Local exchange service will be offered within the present operating areas of BellSouth and long distance service will be offered throughout the State of South Carolina. Exhibit E contains the proposed local and interexchange tariff of Applicant Telecom, Inc. and Exhibit F contains the Company's the proposed access services tariff.

10. Public Interest and Need

Approval of this application and Applicant's proposed tariffs will serve the public interest and offer several benefits to consumers in South Carolina. First and foremost, Applicant will offer its Customers the ability to have seamless service for local services as well as intrastate, interstate and international toll services.

The granting of Applicant's application is consistent with S.C. Code Ann. §58-9-280(B), as amended by 1996 Act No. 354, and, in that regard Applicant makes the following representations to the Commission:

- A. Applicant possesses the technical, financial, and managerial resources sufficient to provide the services requested;
- B. The provision of local service by Applicant will not adversely impact the availability of affordable local exchange service;
- C. Applicant's local services will meet the service standards required by the Commission;
- D. Applicant, to the extent it is required to do so by the Commission, will participate in the support of universally available telephone service at affordable rates; and,
- E. The provision of local service by Applicant will not adversely impact the public interest.

Applicant's entry into the local market will not disadvantage any telephone service providers. Incumbent LEC's are presently serving nearly all of the local exchange customers in South Carolina. The history of telecommunications competition has demonstrated that as new entrants improved the price performance of service, consumers benefited from a wider choice of service and options. The resulting reduced rates that competitive pressures brought to the market stimulated demand, resulting in growing revenues for both new entrants and established firms. Applicant expects that this same phenomena to affect local service over time, thus creating a larger market for all carriers. Therefore, the approval of Applicant's application is clearly in the public interest.

11. Waivers and Regulatory Compliance

Applicant requests that the Commission grant it a waiver of those regulatory requirements inapplicable to competitive local service providers. Such rules are not appropriate for competitive providers and constitute an economic barrier to entry into the local exchange market.

- A. Applicant requests that it be exempt from any financial recording rules or regulations that require a carrier to maintain its financial records in conformance with the Uniform System of Accounts ("USOA"). As a competitive provider, Applicant currently maintains its books and records in accordance with Generally Accepted Accounting Principles ("GAAP"). GAAP is used extensively by inter exchange carriers. Since Applicant utilizes GAAP, the Commission will have a reliable method by which to evaluate Applicant's operations. Therefore, Applicant requests to be exempt from any and all USOA requirements of the Commission.

- B. In addition, Applicant requests a waiver of S.C. Reg. 103-610, and to be allowed to maintain its books and records at its headquarters location in Florence, South Carolina. In the event that the Commission finds it necessary to review Applicant's books, this information will be provided upon request to the Commission or Applicant will bear the expense of travel for the Commission staff to examine the books and records located outside of South Carolina.
- C. Applicant requests that it not be required to publish local exchange directories. Applicant will make arrangements with the incumbent LECs whereby the names of Applicant's Customers will be included in the directories published by the incumbent LECs. These directories will be distributed to Applicant's Customers. This approach is entirely reasonable and will have a direct benefit to the customers of both Applicant and the incumbent LECs since customers will have to refer to only one directory for a universal listing of customer information. It would be an unnecessary burden on the Applicant to require that it publish and distribute its own directory to all customers located within each exchange area, particularly since nearly all of these customers will be customers of the incumbent LECs. It is more efficient for Applicant to simply include its Customer list in the existing directories of the incumbent LECs.
- D. Applicant finally requests waivers of any reporting requirements which are not applicable to competitive providers such as Applicant because such requirements (a) are not consistent with the demands of the competitive market; or (b) they constitute an undue burden on a competitive provider, thereby requiring an ineffective allocation of resources.

Applicant reserves the right to seek any regulatory waivers which may be required for Applicant to compete effectively within the states' local exchange and resale market.

12. Flexible Regulation of Local Exchange Services

In Docket Number 97-467-C, the Commission approved a rate structure that incorporated maximum rate levels with the flexibility for adjustment below the maximum rate levels. The Commission determined that local tariff filings would be presumed valid upon filing, subject to the Commission's right within thirty days to institute an investigation of a tariff filing and that any such tariff filings would be subject to the same monitoring process as similarly situated competitive local exchange carriers. Applicant submits that as a local exchange competitor it should be subject to regulatory constraints no greater than those imposed in the above mentioned docket. The Applicant requests that its local exchange service tariff filings be regulated under this form of flexible regulation.

13. Alternative Regulation of Business Service Offerings

In Docket No. 95-661-C in response to a Petition for Alternative Regulation by AT&T Communications of the Southern States, the Commission determined that there was sufficient competition in the market for inter exchange telecommunication services to justify a relaxation in the manner in which AT&T was regulated. The Commission determined that AT&T was not required to file maximum rates for long distance business service offerings and that its tariffs be presumed valid

upon filing, subject to the Commission's right within seven days to institute an investigation of the tariff filing. Applicant submits that as a competitor of AT&T in the market for providing telecommunication services to customers, it should be subject to no regulatory constraints greater than those imposed on AT&T. Applicant requests that its inter exchange business services offerings described in its proposed tariff be regulated under this form of relaxed regulation.

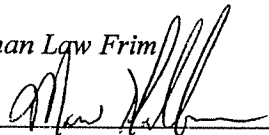

This Application demonstrates that Applicant has the technical, financial and managerial resources to provide facilities-based and resold local exchange service and resold-based long distance service within South Carolina. The granting of this Application will promote the public interest by increasing the level of competition in the telecommunications markets of the state. Competition of this nature will mandate that all local telecommunications providers will operate more efficiently and improve the overall service quality for consumers.

Approval of the Application of Applicant will serve the public interest by offering consumers throughout the State of South Carolina a meaningful quality service option. Approval of this Application will also benefit consumers by creating greater competition in the inter exchange and local marketplace. Competition in the telecommunications marketplace inspires innovation and development of services that meet customer needs cost effectively.

Wherefore, Applicant respectfully petitions this Commission for authority to operate as a facilities-based provider of local exchange service and a reseller of long distance telecommunications services in the State of South Carolina in accordance with this Application, for flexible regulatory treatment of its local exchange services, for alternative regulation of its long distance business service offerings, and for such other relief as it deems necessary and appropriate.

Employment:

May 2006- Present

Since leaving IntelCom in May of 2006, I have worked with various companies and organizations assisting them in their technology advancement and in October joined GSC. This would include expanding into areas of VoIP, Broad Band of various delivery methods, Broad band over Power Line, WiMax, Wi Fi, and Hot Spot areas for Hospitality companies, ISP, VISP,s carries for VoIP termination and working with Satellite Companies for disaster recovery solutions and delivery of IPTV. I hold contracts with Cable Companies for wholesale access that I offer my clients for resale. The MSO's include Bright House, Time Warner, Cox, Charter, Sudden Link, Comcast and in negotiations with Cable Vision and Mediacom.

March 2004 – May 2006: IntelCom, President, Tampa, Florida

Specific Responsibilities include; Executive Management, Day to Day operations, review of accounts receivable and payable, directly responsible for new contracts of products and services including National Broadband Contracts with Cable Companies, DSL, two way satellite, telecommunications contracts for wholesale local and long distance, VoIP and cellular services and many more products and services including Wi Fi, wireless residential and municipality service and Broadband over Power line, to enhance our partners, resellers, ISP's, VISP's and agents in their product offerings to their consumers. Directly responsible for all contract pricing negotiations for the above mentioned. Duties also included Channel Partner Sales for new large Clients. Participate and manage in new and existing project development and implementation. . Provide technical support in areas of applications and/or systems development and maintenance. Ensure all development efforts are in accordance with guidelines and Client expectations. Meeting with Sales Managers to review new leads, and prospects, and assist in the closing of new business.

April 1997–March 2004: Econec, President and General Manager of Operations, Brewton, AL,

I lead the daily operations of Econec. I also oversee all creative elements for Econec's product offering including the development of new products. I managed all internal engineering projects and information technology infrastructure operations for Econec. Developed Patent Pending Software for the combination of Off Line (Brick and Mortar) Retail Commerce and On Line E-Commerce Exchange. I also implemented a call center for outsourced technical support services for Internet Related Companies and assisted the technical support staff with customer problems, maintaining field repair and new installation scheduling. I sold the company in October of 2003. We employed 39 people at the time it was sold and I continued to work with the company. The new owner eventually opened up a new start up called IntelCom..

March 1994 – April 1997: Compute Ability – Owner, Brewton, AL

I opened a small computer store and we built, sold, and serviced computers and small networks. We also sold computer parts and peripherals wholesale through Computer Shopper and developed our own line of Computer Cables and accessories private labeled and sold those through a wholesale distribution market.. I started a local BBS with Glaticomm Worldgroup Software which ran on a Novell Server. I was responsible for all content, implementation, and maintenance of the system.

TARIFF FORMAT

Page Numbering - Page numbers appear in the upper right corner of the page. Pages are numbered sequentially. However, new pages are occasionally added to the tariff. When a new page is added between pages already in effect, a decimal is added. For example, a new page added between Page 14 and 15 would be 14.1.

B. **Page Revision Numbers** - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current page version on file with the Commission. For example, the 4th revised Page 14 cancels the 3rd revised Page 14.

C. **Paragraph Numbering Sequence** - There are various levels of paragraph coding. Each level of coding is subservient to its next higher level:

2
2.1
2.1.1
2.1.1.1

D. **Check Sheets** - When a tariff filing is made with the Commission, an updated Check Sheet accompanies the tariff filing. The Check Sheet lists the pages contained in the tariff, with a cross-reference to the current revision number. When new pages are added, the Check Sheet is changed to reflect the revision. An asterisk designates all revisions made in a given filing (*). There will be no other symbols used on this page if these are the only changes made to it the format, etc. remain the same, just revised revision levels on some pages.) The tariff user should refer to the latest Check Sheet to find out if a particular page is the most current on file with the Commission.

SECTION 2. RULES AND REGULATIONS (Cont'd)

2.4 Application for Service

2.4.1 Minimum Contract Period

2..4.1.1 Except as otherwise provided, the minimum contract period is one month for all services furnished. However, if a new customer notifies the Company within twenty days after receipt of the first bill that certain services or equipment are not desired, the Company will delete such services or equipment from the customer's account without a record keeping or service ordering charge. The customer nonetheless shall be responsible for all monthly usage and installation charges incurred for the use of such service and equipment.

2.4..1.2 Except as provided in 2.4.2.1, the length of minimum contract period for directory listings, and for joint user service where the listing actually appears in the directory, is the directory period. The directory period is from the day on which the directory is first distributed to customers to the day the succeeding directory is first distributed to customers.

2.4 1.3 The Company may require a minimum contract period longer than one month in connection with special, non-standard types or arrangements of equipment, or for unusual construction, necessary to meet special demands for service.

2.42 Cancellation of Service

2.4.2.1 Where the applicant cancels an order for service prior to the start of the installation or special construction of facilities, no charge shall apply, except to the extent the Company incurs a service order or similar charge from a supplying carrier, if any, prior to the construction.

Payment for Service

- 2.5.1 GSC will bill Customer monthly, with recurring charges being billed in advance and any usage charges billed in arrears. Payment is due upon receipt by Customer and payable within twenty-two (22) days of the Bill Date (the "Due Date").
- 2.5.2 Payments are past due if not received by the Company by the Due Date. A maximum of one and a half percent (1 1/2%) will be added to any unpaid balance brought forward from the previous billing date to cover the cost of collection and carrying accounts in arrears. This method of late payment charge will be made in lieu of any other penalty. Non-regulated and 900 related charges are not subject to late payment penalty. In addition, bills not paid within thirty (30) days of the Bill Date and which have not been disputed in accordance with the procedures set forth in Section 2.7 of this tariff, may result in suspension of access privileges to GSC's collocate facility if Customer is collocated until the full amount of the bill is paid. Bills not paid within forty (40) days of the Bill Date and which have not been disputed in accordance with the procedures set forth in Section 2.7.1 of this tariff, may result in suspension of service until the overdue payments and any additional charges that may be imposed to restore service have been paid. Customer agrees to pay all costs incurred by GSC in collecting any unpaid amounts, including attorneys' fees. Failure of the Customer to pay all undisputed amounts by the Due Date is a material breach and a seven (7) day notice shall be required in order to terminate services hereunder for non- payment,.

2.5 Payment for Service (Cont'd)

2..5.3 The customer is responsible for payment of all charges for service furnished to the customer. Charges based on actual usage during a month will be billed monthly in the month following the month in which the service was used.. All fixed monthly and nonrecurring charges for services ordered will be billed monthly in advance.

2..5..4 The Company reserves the right to require from an applicant for service advance payments of fixed charges and nonrecurring charges. The advance payment will not exceed an amount equal to the nonrecurring charge(s) and one month's charges for the service or facility. In addition, where special construction is involved, the advance payment may also include an amount equal to the estimated nonrecurring charges for the special construction. The advance payment will be applied to any indebtedness for the service and facilities for which the advance payment is made on the customer's initial bill.

Advanced payments for installation costs or special construction will be credited on the first bill in their entirety.

2.6 Customer Deposits (Cont'd)

2.6.3 Return of Deposit (Cont'd)

currently owed to the Company, and return any remaining amount of the deposit to the Customer by check.

2.6.4 Interest on Deposits

Simple interest shall be paid on deposits to each customer required to make such deposit at the rate prescribed by the Commission. Interest on deposits shall be payable from the date of deposit to the date of refund or disconnection. Interest shall accrue annually, and the Company may, at its option, pay the interest at intervals it chooses (but at least every two years, and at the time the deposit is returned) by direct payment, or as a credit on bills. The deposit shall cease to draw interest on the date it is returned, the date the service is terminated, or on the date notice is sent to the customer's last known address that the deposit is no longer required.

Upon termination of service, the deposit with accrued interest shall be credited to the final bill and the balance shall be returned within 45 days to the customer.

SECTION 5. INTRALATA TOLL PRESUBSCRIPTION

5.1 General

IntraLATA toll presubscription is a procedure whereby an end user may select and designate an IntraLATA Toll Provider ("ITP") to access IntraLATA toll calls without dialing an access code. The end user may designate an ITP for IntraLATA toll, a different carrier for InterLATA toll, or the same carrier for both. This ITP is referred to as the end user preferred IntraLATA toll provider.

Each carrier will have one or more access codes assigned to it for various types of service. When an end user selects a carrier as its preferred IntraLATA toll provider, only one access code of that carrier may be incorporated into the switching system of the Company permitting access to that carrier by the end user without dialing an access code. Should the same end user wish to use other services of the same carrier, it will be necessary for the end user to dial the necessary access code(s) to reach that carrier's other service(s).

An ITP must use Feature Group D ("FGD") Switched Access Service to qualify as an IntraLATA toll provider. All ITPs must submit a Letter of Intent ("LOI") to the Company at least twenty days prior to the IntraLATA toll-presubscription-conversion date or, if later, forty-five days prior to the date on which the carrier proposed to begin participating in IntraLATA toll presubscription.

Selection of an ITP by an end user is subject to the terms and conditions in Section 5.2.

SECTION 5. INTRALATA TOLL PRESUBSCRIPTION (Cont'd)

52 Presubscription Charge Application

5.2.1 Initial Free Presubscription Choice for New Users

New end users (including an existing customer who orders an additional line) who subscribe to service will be asked to select a primary ITP when they place an order for Company Exchange Service. If a customer cannot decide upon an IntraLATA toll carrier at the time, the customer will have thirty days following completion of the service request to make an IntraLATA PIC choice without charge. In the interim, the customer will be assigned a "No-PIC" and will have to dial an access code to make IntraLATA toll calls. The free selection period available to new end users is the period within thirty days of installation of the new service..

Initial free selections available to new end user are:

1. Designating an ITP as their primary carrier, thereby requiring no access code to access that ITP's service. Other carriers are accessed by dialing 101-XXXX or other required codes.
2. Choosing no carrier as a primary carrier, thus requiring 101-XXXX code dialing to access all ITPs. This choice can be made by directly contacting the Company.

If an ITP elects to discontinue Feature Group D service after implementation of the IntraLATA toll presubscription option, the ITP is obligated to contact, in writing, all end users who have selected the canceling ITP as their preferred IntraLATA toll provider. The ITP must inform the end users that it is canceling its Feature Group D service, request that the end user select a new ITP and state that the canceling ITP will pay the PIC change charge. The ITP must provide written notification to COMPANY that this activity has taken place.

SECTION 5. INTRALATA TOLL PRESUBSCRIPTION (Cont'd)**5.3 End User/Pay Telephone Service Provider Charge Discrepancy
("Anti-Slamming Measure")**

5.3.1 When a discrepancy is determined regarding an end user's designation of a preferred IntraLATA toll carrier, the following applies depending upon the situation described:

A signed letter of authorization takes precedence over any order other than subsequent, direct customer contact with the Company.

When two or more orders are received for an end user line generated by telemarketing, the date field on the mechanized record used to transmit PIC change information will be used as the PIC authorization date. The order with the latest application date determines customer choice.

5.32 Verification of Orders for Telemarketing

No ITP shall submit to the Company a PIC change order generated by outbound telemarketing unless, and until, the order has first been conformed in accordance with the following procedures:

5.3.2.1 The ITP has obtained the customer's written authorization to submit the order that explains what occurs when a PIC is changed and confirms:

5.3.2.1 A The customer's billing name and address and each telephone number to be covered by the PIC change order;

5.3.2.1.B The decision to change the PIC to the ITP; and

532.1 .C The customer's understanding of the PIC change fee; or

SECTION 5. INTRALATA TOLL PRESUBSCRIPTION (Cont'd)

5.12.2 The ITP has obtained the customer's electronic authorization, placed from the telephone number(s) on which the PIC is to be changed, to submit the order that confirms the information described in 5.3.2.1 preceding to confirm the authorization; or

5.3.2.3 An appropriately qualified and independent third party operating in a location physically separate from the outbound telemarketing representative has obtained the customer's oral authorization to submit the PIC change order that confirms and includes appropriate verification date (e.g., the customer's date of birth or social security number).

5.33 The Company will follow the Federal Communications Commission's and the Commission's regulations regarding slamming. The Company will not impose a penalty or charge for unauthorized IntraLATA toll provider changes..

5.3.4 The customer owns the exclusive right to select the PIC of their choice, and may choose to migrate from one carrier to another at any time. There is no reason a carrier may refuse to release a customer who has stated their intent to select a different carrier.

TARIFF FORMAT

- A. **Page Numbering** - Page numbers appear in the upper right corner of the page. Pages are numbered sequentially. However, new pages are occasionally added to the tariff. When a new page is added between pages already in effect, a decimal is added. For example, a new page added between Page 14 and 15 would be 14.1.
- B. **Page Revision Numbers** - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current page version on file with the Commission. For example, the 4th revised Page 14 cancels the 3rd revised Page 14.
- C. **Paragraph Numbering Sequence** - There are various levels of paragraph coding. Each level of coding is subservient to its next higher level:
- 2
 - 2.1
 - 2.1.1
 - 2.1.1.1
- D. **Check Sheets** - When a tariff filing is made with the Commission, an updated Check Sheet accompanies the tariff filing. The Check Sheet lists the pages contained in the tariff, with a cross-reference to the current revision number. When new pages are added, the Check Sheet is changed to reflect the revision. An asterisk designates all revisions made in a given filing (*). There will be no other symbols used on this page if these are the only changes made to it (i.e., the format, etc., remain the same, just revised revision levels on some pages.) The tariff user should refer to the latest Check Sheet to find out if a particular page is the most current on file with the Commission.

SECTION 2. RULES AND REGULATIONS (Cont'd)

2.4 Application for Service

2.4.1 Minimum Contract Period

2,4.1.1 Except as otherwise provided, the minimum contract period is one month for all services furnished. However, if a new customer notifies the Company within twenty days after receipt of the first bill that certain services or equipment are not desired, the Company will delete such services or equipment from the customer's account without a record keeping or service ordering charge. The customer nonetheless shall be responsible for all monthly usage and installation charges incurred for the use of such service and equipment..

2.4.1.2 Except as provided in 2.42,1, the length of minimum contract period for directory listings, and for joint user service where the listing actually appears in the directory, is the directory period. The directory period is from the day on which the directory is first distributed to customers to the day the succeeding directory is first distributed to customer's..

2.4.1.3 The Company may require a minimum contract period longer than one month in connection with special, non-standard types or arrangements of equipment, or for unusual construction, necessary to meet special demands for service.

2.4..2 Cancellation of Service

2,4.2.1 Where the applicant cancels an order for service prior to the start of the installation or special construction of facilities, no charge shall apply, except to the extent the Company incurs a service order or similar charge from a supplying carrier, if any, prior to the construction.

2.4.2 Cancellation of Service (Cont'd)

2.42.2 Where the installation of facilities, other than those provided by special construction, has been started prior to cancellation, the lower of the following charge applies;

2.4.2.2..A The total costs of installing and removing such facilities; or

2.4.2.2.B The monthly charges for the entire initial contract period of the service ordered by the customer as provided in this tariff plus the full amount of any applicable installation and termination charges,

2.42.3 Where special construction of facilities has been started prior to the cancellation, and the Company has another requirement for the specially constructed facilities, no charge applies.

2.4.2.4 The Company reserves the right to redefine its regions, add new regions, or remove regions from its current offering, as it deems appropriate in its sole discretion and will provide the Customer with at least thirty (30) days' notice of any change in the definition of the Company's regions.

2.4.2.5 In the event that the Company plans to exit a current region, the Customer shall be provided with thirty (30) days prior written notification of the Company's intent. The Customer shall be allowed to immediately terminate services in the affected region without penalty.

SECTION 2. RULES AND REGULATIONS (Cont'd)

2.5 Payment for Service (Cont'd)

2.5.3 The customer is responsible for payment of all charges for service furnished to the customer. Charges based on actual usage during a month will be billed monthly in the month following the month in which the service was used.. All fixed monthly and nonrecurring charges for services ordered will be billed monthly in advance.

2.5.4 The Company reserves the right to require from an applicant for service advance payments of fixed charges and nonrecurring charges. The advance payment will not exceed an amount equal to the nonrecurring charge(s) and one month's charges for the service or facility. In addition, where special construction is involved, the advance payment may also include an amount equal to the estimated nonrecurring charges for the special construction. The advance payment will be applied to any indebtedness for the service and facilities for which the advance payment is made on the customer's initial bill.

Advanced payments for installation costs or special construction will be credited on the first bill in their entirety.

SECTION 2. RULES AND REGULATIONS (Cont'd)

2.5 Payment for Service

- 2.,5 ,1 GSC will bill Customer monthly, with recurring charges being billed in advance and any usage charges billed in arrears. Payment is due upon receipt by Customer and payable within twenty-two (22) days of the Bill Date (the "Due Date").
- 2.5.2 Payments are past due if not received by the Company by the Due Date. A maximum of one and a half percent (1-1/2%) may be added to any unpaid balance brought forward from the previous billing date to cover the cost of collection and carrying accounts in arrears. Non-regulated and 900 related charges are not subject to late payment penalty. In addition, bills not paid within thirty (30) days of the Bill Date and which have not been disputed in accordance with the procedures set forth in Section 2..7 of this tariff, may result in suspension of access privileges to GSC's collocate facility if Customer is collocated until the full amount of the bill is paid. Bills not paid within forty (40) days of the Bill Date and which have not been disputed in accordance with the procedures set forth in Section 27..1 of this tariff, may result in suspension of service until the overdue payments and any additional charges that may be imposed to restore service have been paid. Customer agrees to pay all costs incurred by GSC in collecting any unpaid amounts, including attorneys' fees. Failure of the Customer to pay all undisputed amounts by the Due Date is a material breach and a seven (7) day notice shall be required in order to terminate services hereunder for non- payment.,

SECTION 3. DESCRIPTION OF SERVICES (Cont'd)

3.4 Customized Pricing Arrangements ("CPAs") Offerings

14.1 The Company may offer CPAs to eligible customers. Each CPA is customized to meet the specific needs of a customer. Rates quoted are different from the tariffed rates. CPA rates must be provided under contract to a customer and the contract filed with the Commission. The Company will keep on file all CPA's and provide such to the Commission and/or ORS upon request.

3.5 Marketing Practices

As a telephone utility under the regulation of the Commission, the Company does hereby assert and affirm that as a reseller of intrastate telecommunications service, the Company will not indulge or participate in deceptive or misleading marketing practices to the detriment of consumers in South Carolina, and will comply with those marketing procedures, if any, set forth by the Commission. Additionally, the Company will be responsible for the marketing practices of its contracted telemarketers for compliance with this provision. Carrier understands that violation of this provision could result in a rule to show cause as to the withdrawal of its certification to complete intrastate telecommunications traffic within the state of South Carolina.

Any marketing efforts will clearly indicate to potential customers the nature of the transaction which is being offered. Materials submitted to prospective customers will clearly indicate that those customers will be changing their long distance carrier if they accept such solicitations.

SECTION 3. DESCRIPTION OF SERVICES

(Cont'd) 3.6 Long Distance Service

GSC long distance services are either intraLATA or InterLATA telephone services that allow customers to originate and terminate calls at locations within the state of South Carolina. GSC offers its long distance services only under both a volume commitment and a term commitment. In some cases GSC's long distance services may be add-ons to interstate long distance services provided by GSC, and are available as provided in GSC's interstate tariff. Customers who receive local service from GSC, but do not receive interexchange services from GSC, will receive intraLATA service from GSC, priced in accordance with the rates and procedures used for intraLATA calls. GSC will provide customers with the option to select any intraLATA /interLATA carrier upon written request.
